NSCID

COVERING MEMO FOR THE DIRECTOR

In view of our conversations this morning, I thought it well to have the attached memo for the records on file as well as the outgoing memorandum to the IAC.

And in view of the statements made in the IAC memo about the NSC not wanting such details, would it not be well to send a copy of the memo for the records to Mr. Souers for his information.

Do you also want to send Mr. Souers a copy of the outgoing memo to the IAC members? *yes*
